TO THE BASEBALL FANS OF BOW ISLAND.

By the way our larger cities are after us to come and play Ball, it would indicate that we are among the leaders, we have just had an invitation from Taber to play for a purse of \$100.00, and Lethbridge has also asked us to play there for a prize. Magaath and Warner also asked us to come there. If our team is so popular at other places, why do not our Fans come out and give up their two bits to help the boys along. This is not meant to hit those who have been more than liberal, but there are some that could attend the games. Remember we have taken 4, straight from Taber's all Sal-ary team. Help us along Boys Bow Island Base Ball Club.

MAY BE REBEL GOVT. SET UP IN ASIA MINOR

PARIS, July 8.—The formation of a separate Turkish government in Asia Minor by Kamel Pasha is indicated as a possibility in dispatches received in peace conference circles today from Greek sources.

Kamel Pasha, who is reported to have forty thousand troops, with 47 heavy guns and many machine guns, is said to have refused to comply with an order from the government in Constantinople to return to the capital. Kamel Pasha is understood to be in Asia Minor in the territory controlled by Kamel Pasha and it is said he is in touch with Kamel, presumably in the hope of forming a coalition form of government.

Case 15-27 Kerosene Tractor

Pulls 3 or 4 Plows

In fields where plowing is difficult—tough or baked soil, stiff grades, etc.—this Case 15-27 Kerosene Tractor will pull 3 plows easily. Where conditions are favorable, this tractor can pull 4 plows.

So it is a favorite on the average farm. It is neither too large nor too small. In addition to its field work, it is designed for belt work, having the pulley properly placed. It will drive a Case 26x46 Thresher equipped with feeder and wind stacker or other machines requiring similar power.

The Case 15-27 has abundant reserve power. While rated at 15 horsepower on the drawbar, it can deliver more than 18

horsepower. While rated at 27 on the belt, it can deliver 33 horsepower. It is ever ready for the hardest jobs. It never tires.

All gears are cut steel, enclosed and run in oil. It has a four-cylinder valve-in-head motor, mounted crosswise on a one-piece main frame. This affords the use of all spur gears.

A Case Siphon Thermostat controls the cooling system and insures complete combustion of kerosene. A Case air washer delivers clean air to the carburetor.

There are dozens of betterments found only in this tractor. You should be familiar with them, so that you may make a careful comparison.

May we have the opportunity soon to point out Case superiorities?

Kaiser Will Have Trial In London

London.—William Hohenzollern, the former German emperor, will be brought to England in a British ship and imprisoned in the tower of London, according to the Daily Mail.

The death penalty will not be sought, the newspaper points out, but it is found guilty, the allies will ask his banishment for life to a remote island, following the precedent of Napoleon's exile on St. Helena.

The international trial court had intended to try the former emperor alone, the Daily Mail says, but it is possible that the former crown prince Frederick will also be arraigned before it.

The note to Holland requesting the extradition of the former German emperor, it is understood, will be signed by twenty-two or twenty-three of the powers.

The former German emperor's guards at Antwerp have been increased, according to the Daily Mail, and his staff has been reduced.

Lieut-Gen. Von Estorff has left for Berlin. Well-informed circles at The Hague, this correspondent says, do not believe that Holland will allow the emperor to escape.

The allies are of the opinion that he will remain in Holland for the rest of his life.

The "other" corps of the Prussian army and German navy, according to a Berne dispatch to the Swiss Agency, have sent a lengthy appeal to the Queen of Holland not to permit the extradition of the former German Emperor.

Winnipeg Strike Solved Nothing News says:

"After nearly nine weeks of strike and strife the metal shop workers went back to work, it is reported. It is thought some of them are not so well as others and some others refuse to go back on the conditions offered."

"The big three employers are still opposed to collective bargaining, as understood by trades unions. They refuse to deal with the business agents of the unions. Some of the smaller firms do recognize the unions in the true sense."

Saskatoon.—At the Empire theatre in Saskatoon and the Regina theatre in Regina, for the fair weeks there will be offered three times each day one of the famous Pantages vaudeville shows. These will comprise some 20 or 30 of the premiere vaudeville artists of the day, offering, in conjunction with movies, a two-hour show that should be a welcome added attraction to the already strong fair attractions.

Getting Rid of a Few

Charleston, S.C.—A trainload of German formerly prisoners of war, Oglethorpe, embarked on the transport Princess Matilda for Rotterdam to be repatriated.

Postal Workers Have Failed To Attain Object

Ottawa.—The government has decided that it cannot recede from the policy it has so far pursued in the matter of locked-out postal workers in Winnipeg. A delegation of members of the Amalgamated Postal Workers took a train back to the West, having failed, it is reported, to persuade the government to reconsider its policy of making permanent appointments of postal employees who acted as strike breakers. From the regular postal employees came out in a sympathetic strike on May 15.

The delegation was composed of C. Silvert, president of the Amalgamated Postal Workers, Victoria; L. Pickers, Winnipeg; J. W. Johnston, Winnipeg; and A. Venables, Calgary.

"We came at the request of the strikers," said Mr. Silvert, "with a view to securing a modification of the position the government has taken on this question. We could not ask for less than reinstatement for the employees locked out."

"In an interview with Sir Robert Borden, the premier said the question revolved itself into three points: 1. Reinstatement as requested. 2. To modify its attitude and retract some of the statements made. 3. Adhere rigidly to the terms of the ultimatum issued by Hon. Mr. Borden."

"We went before the cabinet for its reply, and it does not seem very clear to recede from the position it has already taken. We have failed in our object."

Belgium Ratifies Peace Treaty

Patriotic Demonstration in Parliament in Course of Proceedings

Brussels.—The Belgian foreign minister, introduced bills in the chamber ratifying the treaty with Germany and the agreements connected with the treaty. The president of the chamber read a letter from King Albert congratulating the chamber and the country on the victory achieved after the horrors of war and exhorting the country to be united in the efforts necessary to the work of restoration and reorganization. The reading of the letter was greeted with a great patriotic demonstration.

The senate passed bills provided for due expression of the nation's homage to those killed in battle or executed during the war.

A Huge Contract

Reconstruction Is Started By A Big Outlay in France

Paris.—A vast reconstruction program for the whole of France at an estimated cost of 400,000,000 francs has been approved by the chamber of deputies by Mr. Redouté, budget reporter, during the debate on public works. The plan includes reconstruction of railroads, some of which will be electrified, and large projects for building canals and improving harbors.

New York.—A contract for rebuilding of the war ravaged Nancy district has been awarded to the Vulcan Steel Products company of New York, at an estimated figure of \$23,000,000. It is learned in financial circles here.

Cossacks Break Through

Ekastrin.—The Don Cossacks have occupied Millerovo and broken the Bolshevik front north of Millerovo. In their successful advance the Cossacks have captured the town of Ekastrin, the Bolsheviks have been driven to the Kerch peninsula on the eastern end of the Crimea.

"Black Watch"—The Best Black Plug Chewing Tobacco on the Market

Revolts Stirred in Berlin

Berlin.—The communists have again started at the fermenting stage in Greater Berlin, and there were indications that the strike movement may develop into a political insurrection. The candor and boldness with which the independent Socialists and their German comrades are playing their cards shows they feel more sure of their footing than during the March revolt.

Hoover Resigns As Food Controller

Will Remain as Director of Newly Organized Grain Corporation

New York.—The resignation of Herbert Hoover as chairman of the board of directors of the food administration grain corporation and reorganization of the corporation under the name "United States Grain Corporation" was announced at the annual meeting of stockholders here.

Polish Claims To Successes

Ukrainian Front Picked and Bolshevik Forces Repulsed Everywhere

Paris.—The Polish forces have started a counter-offensive on the whole Galician-Polish front, according to advices from Warsaw. The Poles claim that they have everywhere broken through the Ukrainian forces, and that the Lemberg-Berlin-Sancti railway line is again in Polish hands. The Ukrainians suffered severe casualties, 3,000 prisoners, 30 machine guns and huge stores being captured.

It seems that the Ukrainians were everywhere taken by surprise and gave way at all points. The Poles occupied Brest, Mstislaw, Dniprova and Berezna, taking 1,500 additional prisoners and much booty. The Lemberg message says that the Poles have liberated the Ukrainian front at several points. Crowds of Ukrainian prisoners are arriving at Lemberg and the population of the evacuated regions are returning. Evacuated regions began an attack on the Polish front, but were everywhere repulsed.

Senate Refused to Change Vote

Ottawa.—The senate has voted down the motion of Sir James Lougheed, government leader, that they do not insist on their amendment on the prohibition bill, by a majority of seven, the vote standing 30 to 23.

Food Riots In Italy

Protests at Price of Food of Serious Nature

Forli, Italy.—After a great meeting here, in which a vast crowd protesting against the high cost of living, the people, excited by inflammatory speeches, attacked, sacked and destroyed many shops which refused to sell commodities at lower prices. Soon the fury of the mob made no distinction and had no limits. All the principal shops were plundered and the mobs controlled the entire city. They took possession of fornic and transported all kinds of goods and food supplies from the pillaged shops to the chamber of labor.

On the walls of the chamber they wrote: "These goods are at the disposal of the people."

The situation grew worse during the day, assuming a revolutionary character, and the mob proceeded to loot and destroy all kinds of property. The food riots here, however, differed fundamentally from those at Spezia early in June. At Spezia the rioters provided for their own advance, while at Forli most of the wheat taken from the shops was organized by a "general committee" consisting of committees. One of these committees, he said, was called the extraordinary committee.

This committee, he declared, had all members of the city government elected by the militia, and virtually all of them shot. The head of the committee, he said, had personally executed the president of the council, who was brought before him on a stretcher.

A few days after his arrival in Forli, the committee had a large crowd of residents, into a nearby wood, where they came upon scores of bodies of women and children, killed by the militia, and who had been driven into the woods and brutally slain. He exhibited a photograph showing twenty of these victims, the bodies of many more of whom he said he had been lined up and questioned as to their sympathies, and who he said he had personally executed for the Bolsheviks, were shot and put to work of the most degrading character.

Peace River Coal Leases Cancelled

Smoky River Leases Were Subject of Investigation By Senate Committee

Ottawa.—A copy of the investigation by the select committee of the senate appointed several days ago to enquire into the question of certain coal leases in the Smoky River district of the Alberta Peace River, some 200 miles north of Edmonton, has been made available to Hon. Arthur Meighen, minister of the interior. As a consequence the application for the right to build a railway to the mines at Athabasca, Grande Prairie and Vermilion railway will go no further than the present stage.

Officials of the geological survey branch have testified before the senate committee that the coal area in question is probably the richest in Canada, and that if developed and connected with the main lines to the south it would be a great asset to the whole of the west with a coal almost equal in quality to the Pennsylvania anthracite.

Reign Of Terror In Russia

Women and Children Are Blame By the Bolsheviks

New York.—A graphic story of a reign of terror in Bolshevik Russia is recited by John A. Embury, United States consul at Omsk, the seat of the Kalmouk government, who has arrived here on a leave of absence. Mr. Embury declared no language could adequately picture the scenes of murder, violation of women, arson and theft which he had seen personally or had described to him by credible eye-witnesses and children.

Mr. Embury backed his story, particularly that of the ravage of the city of Omsk, by photographs, many of which he declared he had taken himself, and which record appalling instances of wholesale butchery of women and children.

Mr. Embury said he had visited Omsk immediately after the Bolshevik occupation, he said, that the Bolshevik soldiers had looted the entire city, and that he had organized a "general committee" consisting of committees. One of these committees, he said, was called the extraordinary committee.

This committee, he declared, had all members of the city government elected by the militia, and virtually all of them shot. The head of the committee, he said, had personally executed the president of the council, who was brought before him on a stretcher.

Pensions Bill Is Up For Discussion

New Measure Considered Satisfactory By Major Veterans, M.P.

Vancouver.—"A new pensions' bill will be brought in parliament this session. It will not please everyone. It is not as good as the previous bill, but I want to tell you that it undoubtedly meets the most general provisions of any pensions' bill in the world," said Major George H. V. Adams, M.P. for Centre Winnipeg, speaking as a delegate at the G.W.V.A. convention.

The statement made by Major Adams followed the presentation by the resolutions committee of a long resolution containing no less than 17 sections, in which the desires of the veterans as set out in a large number of resolutions from various branches had been incorporated, and which it was hoped that the Dominion convention would endorse.

Help In Time Of Trouble

Britain and States to Act in Concert in Aiding France

Paris.—The Franco-British and Franco-American treaty, the Journal officiel announced, has been signed. Great Britain and the United States on behalf of France against Germany shall be independent. Great Britain and the United States, it is provided, will only help France by combined action and not separately. The treaty declares that the international must occur if the disarmament of the Rhine territory is not sufficient to protect France from German aggression.

British Premier On Making Off Peace

London.—Mr. David Lloyd George, the premier, had a good reception from all sections of the House of Commons. His speech was less impromptu and discursive. He told of the peace conference's efforts to prevent war in the future, and reviewed some of the striking restrictions put upon Germany in the treaty signed at Versailles.

Discussing the determination of the allied and associated powers to place on trial William II, Hohenzollern, the former German emperor, as the man chiefly responsible for the war, he declared that if such a course had been followed after other wars "there would have been fewer wars."

It was the intention to make the trial of Germany as to discourage others from "ever again attempting to repeat this infamy."

There was a significant passage when the premier first mentioned the league of nations. Many of the members cheered, but seemingly neutral equal number burst into laughter.

Sgt.-Major Carnie, President Returned Soldiers' League of Australia.

SERGEANT MAJOR ROBERT CARNIE

Sergeant Major Carnie was one of the first Australians to enlist for the present war, and as Sergeant Major in the Anzac Field Artillery has seen savage fighting during his four years of service. As Battery Sergeant Major he went through the Egyptian Campaign, and the ill-fated Gallipoli Expedition. His description of the plans for the attack on Gallipoli, the careful preparations, and what happened when the plans were carried out, is a wonderful story of the display of wonder courage. The difficulty of landing guns on the rugged peninsula was tremendous and they had to be actually hauled and hauled up the cliffs by hundreds of Australians under terrific bombardments of the enemy guns.

Sergeant Major Carnie has a story of gripping interest and tells it in an earnest, forceful way that leaves his hearers with a better understanding of what actually took place at the front.

Mr. Wood served in the war with Spain

There is coming to the Chautauqua on the second afternoon of the Chautauqua one of America's thinkers and orators. Mr. Fred Dale Wood is a world citizen who has travelled almost everywhere that a traveller can go, and who has brought back ideas from a remarkable observation.

MINOSAKU TOSHI YAMAMOTO

We do not know of anyone upon the Lecture platform more competent to speak upon that important question of this hour. Japan and her International Problems than Mr. M. T. Yamamoto. He is well prepared by years of his experience to impart to Canadians same and sound knowledge of all that constitutes his country, Japan.

BASE BALL

A Fast game will be played at BOW ISLAND on the 22nd. July, with a neighbouring Team.

MORONI OLSEN, Interpretor of Plays.
MORONI OLSEN

Dramatic Reader and Interpreter of Plays in the Popular Drama "KINDLING" by Charles Kenyon Mr. Olsen is one of America's greatest interpreters of Modern Plays. He appears on the third evening of Chautauqua.

Moroni Olsen is one who never fails. He stands six feet two, and is built like a Greek athlete. He possesses a wealth of natural gifts—fine voice, magnificent physique with dignity of bearing, artistic temperament, and self-control, and commands himself upon the platform, before an audience with ease and fine effect.

SIX Joyous DAYS

THE LIBERTY BELLES
THE LIBERTY BELLES

One of the most fascinating and entertaining groups of young ladies ever presented on any Chautauqua program is the Liberty Belles three clever girls who have the responsibility of providing the music and entertainment on the first afternoon and evening of Chautauqua.

It is seldom that singers are equally proficient instrumentalists, and vice versa, yet competent critics have declared The Liberty Belles to be brilliantly proficient in both attainments thus enabling them to present a program of extreme variety and distinct character.

Piano, Mandolin, ukele, guitar and violin are among the instruments these young ladies play during the presentation of their program.

THE CRAVEN CONCERT COMPANY
THE CRAVEN CONCERT COMPANY

The Craven Concert Company is one of the unique concert organizations of the entire country. This company is composed of one family, father and four daughters, who play twelve different instruments.

Each member being an accomplished artist on at least two instruments, and some members playing as many as five; this enables them to get splendid effect obtained by orchestras of a much greater membership, adding to the novelty and enjoyment of the Craven's program is the vocal music rendered by the four young ladies, which gives variety that is seldom obtainable in any orchestral organization. Musical numbers presented by the Cravens are sure to be a big feature of the second day of the Chautauqua.

Hut Monday where he was confined
in his room for a few days with a
nervous fever.

BOLSHIES PLAN TO QUIT CAPITAL

WASHINGTON, July 8.—Definite
information that the Bolshe-
vik authorities are planning to
evacuate Petrograd has been re-
ceived in official circles here. De-
cision to quit the capital was said
to have been violently opposed by
some elements of the govern-
ment.

WINNIPEG, July 8.—George J. Ap-
pell, a horse dealer from Alberta,
wanted by the Calgary police on a
charge of theft, was arrested here last
night.

McClary's Kootenay

Do you realize how much time
you can waste over a cranky range?
Every busy woman should have a
Kootenay to work with—grates easy to
work, ashes easy to take out, oven
quick to respond, doors fitting right,
a well-made reliable range.

Buy Paint NOW—and the BEST

Many people have allowed their homes to run down
in appearance and are still putting off repainting thinking
that paint will come down in price.
Even if paints were cheaper six or eight months hence,
which is unlikely, because the supply of raw material has
fixed the price far ahead and because thousands of house
owners are exactly in your condition—bound to paint
soon, remember that it is better to paint than repair.
Your house can be painted more cheaply now than later.

CONSIDER PROHIBITION
LEGISLATION IN CONGRESS
WASHINGTON, July 8.—By
a vote of 235 to 59, the house
today adopted a resolution pro-
viding for immediate consid-
eration of prohibition enforce-
ment legislation as recom-
mended by the judiciary committee
and limiting general debate to
12 hours.

GETS DAMAGES FOR SLANDER
MOORE JAW, Sask. July 7.—In a
judgment handed down today by Jus-
tice Taylor in the court of King's
bench, A. T. Lyons, of Dundas, Sask.,
was awarded \$500 damages in his
\$10,000 slander suit against R. J.
Hipp of the same place. The action
arose over statements made by Hipp
at Dundas last summer to the effect
that Lyons was defrauding his em-
ployers at Dundas by converting part
of cash sale receipts to his own use.

GIVE MORE REGARD TO HOUSING IN U. S.

WASHINGTON, July 8.—Represent-
ative Tinkham, of Massachusetts, an-
nounced today he would introduce in
congress a bill creating in the depart-
ment of labor a bureau of housing and
living conditions. The bill would
charge the proposed bureau with in-
vestigating housing and living condi-
tions of the industrial population of
the country and provide for research
and experimentation, to make eco-
nomically practicable the elimination
of slums, the improvement of living
conditions, the reduction of the con-
struction cost of dwellings and the
financing of extended home-building
operations with federal appropriation.
It would furthermore assist com-
munities making available existing
housing facilities and serve as a clearing
house of information on housing
and living conditions.

DIRIGIBLE AGAIN DELAYS ITS START

MINEOLA, July 8.—The start of
the return trans-Atlantic cruise of the
british dirigible R-34 was today de-
ferred from early tomorrow morning,
the hour which had been fixed for her
departure, for at least 15 and possibly
24 hours.
Weather advice received by the of-
ficers of the dirigible from Washing-
ton forecast head winds all along the
course, and this was given as the re-
ason for the further delay. The en-
gines have been nearly all overhauled,
only a few minor repairs remaining to
be made, and ample supplies of fuel,
gas and water can be placed aboard
at a few hours notice, so that only ad-
verse atmospheric conditions now
stand in the way.

KAISER DOESN'T SEEM TO CARE

AMERONGEN, July 8.—Form-
er Emperor William and his wife
are apparently unperturbed by
the possibility that proceedings
will be brought by the Netherlands
for the extradition of the former
emperor from Holland. The mem-
bers of the former monarch's
suite have indicated to the con-
spondent that it was their opin-
ion that any proceedings from at-
tached quarters would be protra-
cted for many months without any
certainty that the Netherlands
government would consent to
hand the former kaiser over for
trial. They are almost unani-
mously convinced that they are
here for a long sojourn and are
making preparations accordingly.

CLEVELAND, July 8.—Street car
service was resumed here early today
for the first time since Sunday morn-
ing, when 2000 employees of the
Cleveland Railway company went on
strike. A sit-down conference last night
of the city council.

GRASSY LAKE.

Later-day Saints at Burdett held
a farewell social on the 7th. for
George James who has been called
away on a mission to the Eastern
States.

The Children's Concert which was
held in the Latter-day Saint's Church,
everything proved to be a great
success. Miss. Mable Flew occupied
the chair. The singing and recitations
were splendidly carried through.

In the basketball match between
Grassy Lake and Magrath, Grassy
Lake won by 11 to 15.

Mr. Franks much to the relief of
the ladies of the district did not
sell out his butcher shop but his
customers will be pleased to hear that
he will still retain the business in his
own hands.

Mrs. H. E. Jarvis sold out this week
and will make her future home in the
States.

BASE BALL.

The Bow Island Vics were handed
a pretty raw deal at U.F.A. celebra-
tion at Fertile Plains on July 1st. As
neither Burdett or Winnifred teams
showed up to complete for the \$50.00
prize it was decided that the Vics
would play a picked team from
the whole South country for \$25.00.

In the fourth innings when the Vics
and a 10 to 5 lead on the Allstars (?)
our boys were informed by Steward
Reynar, who was in charge of the
game that being a junior team they
were not eligible for the prize.
Later the score was 11 to 10 in favor of
the South, someone slipped our man-
ager the information that the prize
had just been raised to \$50.00, how-
ever the Vics knew that like McLean,
who rode the hook that if they did
win the game the prize would not be
forthcoming so they didn't exert
themselves result 12-12 in favor of the
South Team

With an altered line-up but with
the same speedy style of ball, the Vics
defeated a Winnifred aggregation of
ball tossers on Thursday evening by
12 to 0. This makes four wins for the
Bow Island Boys in ten days and there
are more coming.

The Vics' line up was as follows:

Catcher	A. Bruce
Pitcher	C. Bateman
1st. Base	G. Dulmage
2nd. Base	D. Hoaglin.
3rd. Base	S. Crittenden
4th. Base	R. Simpson
L. Field	R. Bratton
C. Field	C. Sping
R. Field	H. Sping

Another Win for the Vics.

15 to 2

Another win for the Vics 15 to 2
was made at Burdett on Monday
evening, despite the fact that Burdett
loaded' with three Grassy Lake
players. The Vics line up was
